REVIEW OF MARKETS

FINANCIAL AND COMMERCIAL

Stocks, Money, Exchange, Bonds, Grain, Cotton, Provisions, Etc.

New York, March 14.—The net changes in stock prices to-day were irregular with mostly losses prevaiting. London quotations induced a lower range of prices here at the start, Firmness in the call money market, which ranged from 3 to 4, was a depressing induced much of the day, but with its casing off to 36/312 per cent, before the close, a rally set in which wiped out earlier losses in some stocks. Union Pacific, Northern Pacific, Atchison preferred and Manhattan were under pressure most of the day, and disturbed confidence among the other railroads, which were weak on moderate offerings. The weakness in Manhattan was perhaps attributable to anticipation of the new issue of stock. Fear of the possible failure of desired legislation affected Third Avenue and Consolidated Gas, while in connection with the latter there was also talk of increased competition.

The pronounced strength of Tobacco, which at one time touched 214%, was unaccompanied by any explanatory news. Sugar displayed considerable firamess when other points of weakness were appearing and ended with a small net advance. Chicago Terminal, Hocking, Coal and Iron and Union Pacific, Denver and Gulf were features of strength. In the afternoon rally the grangers and standard shares generally were lifted about a point from their low figure and retained most of the recovery, leaving them irregularly changed for the day. The calling of some loans by the banks for syndicate account preparatory to the payment of three-fifths of the Chicago and Alton money due to-morrow in connection with the recent "deal," was in a large measure responsible for the strength in call money. There was a reflex easing in sterling exchange due to the strength of money here.

The sales for London account for the day were estimated at 25,000 shares.

The market closed firm.

There was an absence of decided tone in to-day's bond market for the active issues within narrow limits. Total sales, \$3,210,000.

United States new 4's advanced ¼ in the bid price.
